[Resolution - SMVTMD](#)

4 PUBLIC HEARING

Below: This is a large project. It will put additional pressure on SM roads. This makes plans in the works to narrow streets and build bulbouts less than creditable.

2. Right of Way Contract with the California Department of Transportation – Portions of City Property Near 200 and 216 W. Ocean Avenue.
Principal Civil Engineer Christos A. Stoyos
c_stoyos@ci.lompoc.ca.us

Below: A rational move to give to the private sector more and direction AND removing a great deal of government in the private commerce.

3. Revisions to Handbook for Commission, Committee, and Board Members Relating to Future Agenda Item Requests and Cancellation of Meetings, and Elimination of the Economic Development Committee (To Transition the Committee to the Chamber of Commerce); Adoption of Resolution No. 6361(20).
City Manager, Jim Throop
j_throop@ci.lompoc.ca.us

Below: Think of the new SPACE COMMAND that will impact Lompoc long term. They want to cripple a street plan that will then have to be changed in the future? Something is wrong. Or is it grabbing for grant money from a State that is faced with Billions in deficit? Think about it.

4. Adoption of Resolution No. 6362(20) Approving Appropriations for the Caltrans Sustainable Communities Grant, Toward Completion of the Caltrans Lompoc Streetscape Multi-Modal Improvement Plan.
Planning Manager Brian Halvorson
b_halvorson@ci.lompoc.ca.us

UNFINISHED BUSINESS

Below: Over a Decade ago an environmental study determined there is not enough "consistent" wind to make this a viable project. Again this appears to be a grab for State money vs. rational planning

**REGULAR MEETING OF THE SOLVANG CITY COUNCIL
COUNCIL CHAMBERS
1644 OAK STREET
September 14, 2020
6:30 PM**

Below: The now discredited Council Majority has made it clear it would congest traffic and close streets in this small town with few circulation streets. It is clear there will be a CV-19 vaccine by the first of the year. This means indoor dining and shops will be available. This is a last gasp for bad planning,

4. COPENHAGEN CLOSURE RESOLUTION

1. Consider adopting Resolution 20-1123, to Close Copenhagen Drive through June 30, 2021, between Alisal Road and First Street and between First Street and Second Street to vehicular traffic; and

2. Direct staff to work with Branding & Design Committee to develop Design Guidelines for Copenhagen Street Closure and implementation plan to promote Solvang brand and character.

REGULAR AGENDA

Below: CV-19 - 1 1/2 HOURS We now know the Hospitals have enough space for a increase in this. Why not start cutting back on stupid programs like turning Sears into 400 bed hospital when a) not needed and b) there are other facilities available. We're politicians and we have to do something.

1) 20-00281

HEARING - Consider recommendations regarding a Coronavirus Disease 2019 (COVID-19) Update, as follows: (EST. TIME: 1 HR. 30 MIN.)

a) Receive and file a brief update on COVID-19 and Santa Barbara County's response and operations;

Below: Should anyone be surprised Supervisor Williams wants this to pass. In Sacramento he was known for his desire to spend and tax. The proponents have clearly stated this is a firms move to take out Prop. 13. What is not reported is the significant increase in rents, leases, and operation expenses this will force. The tax money then comes from the taxpayers using a back door approach.

3) 20-00714

HEARING - Consider recommendations regarding a Resolution in support of Proposition 15, as follows: (EST. TIME: 1 HR.)

a) Adopt a Resolution in support of Statewide Ballot Proposition 15, The California Schools and Local Communities Funding Act of 2020, on the November 3, 2020 statewide ballot; and

SUPERVISOR WILLIAMS

Below: CAB Rule.... Seems innocent bring the County in line with State requirements. In effect it will remove ZONING guidelines. It states address quality of life while making living more dense and less enjoyable..LOOK TO SB 743 AND ITEM 5 BELOW

4) 20-00678

HEARING - Consider the recommendations of the County Planning Commission (Commission) to (1) adopt Resolutions to amend the County Guidelines for the Implementation of the California Environmental Quality Act (CEQA) (County Guidelines) and the Environmental Thresholds and Guidelines Manual (Environmental Thresholds Manual) to incorporate minor revisions to the California Guidelines for the Implementation of CEQA (State CEQA Guidelines), which took effect in 2019, and (2) revise guidelines that address quality of life and noise issues, as follows: (EST. TIME: 1 HR.)

Below: The Democrats said superficially when creating CEQA that it was about quality of life and open spaces. The passage of SB 743 IS A REVERSAL OF THIS CONCEPT. Calif. is losing population because of taxes and bad policies. SB 743 encourages high density "Stack'm & Pack'm" cities. It will result in a New York syndrome. High Rises, less green in cities, more pavement, more traffic congestion. Elections have consequences. We have seen the results of permissive riots, now you are seeing the destruction of zoning, more congestion, and a loss of "green" California

5) 20-00717

HEARING - Consider recommendations regarding California Environmental Quality Act (CEQA) Transportation Impact Thresholds Update to Comply with Senate Bill (SB) 743, as follows: (EST. TIME: 1 HR.)

- a) Determine that the amendment to the Environmental Thresholds and Guidelines Manual is not a project pursuant to CEQA Guidelines Sections 15060(c)(3) and 15378(b)(5); and**
- b) Adopt a Resolution approving the proposed amendment to the Environmental Thresholds and Guidelines Manual.**
